

SPORTS CARNIVAL 2022

This year's Sports Carnival was held on 10 March. It took on a new form as all games were held in classrooms. All activities were non-strenuous so as to allow those who had just been vaccinated to take part in them. Students had inter-class competition to clinch the Level Championship. Students displayed good sportsmanship throughout the day and even teachers eagerly joined in to participate and have fun! It was a memorable day where classmates worked hand in hand, cheered one another on and gave their best. All glory to God who made all things possible!
